Subject: New press release created tonight (plus updates to 8/17 press release)

Hi everyone,

I got strong verbal commitments on the phone call just now that this was good for posting:

<http://www2.epa.gov/goldkingmine/epa-announces-us-department-interior-lead-independent-review-gold-king-mine-release>

Let me know if there is anything we need to add. For example, the page I just created does NOT have this sentence (which is really a sub-title):

Review to include analysis of the cause of release, contractor activities and lessons learned for use on ongoing and planned projects

This went to the media and congressionals, so I wanted to see if it should also go on the website tonight. It sounded like there was unanimous agreement that it should.

NOTE: I will also be making some updates to the August 17th press release once I hear from Laura and/or the EOC, which will happen very shortly.

Thanks,

Tim
